

“Connecting Management to Aquatic Communities”

November 26 - 30, 2007. The Virginia Water Resources Research Center and West Virginia Water Research Institute invite you to attend the 2007 Virginia / West Virginia Water Research Symposium in Blacksburg, VA. As part of the symposium, you can participate in workshops:

Introduction to Fluvial Geomorphology

An Overview of the TMDL Process

Mixing Zone Analyses for TMDLs

Building Consensus for Revitalization of River, Land and Community

Tools for Watershed Modeling and Assessment

Please visit www.vwrnc.vt.edu/symposium2007 for more information, including how to register for the workshops.
